PROJECTS

Job Portal Frontend UI

July 2025

Live Demo: <https://raghuraman206.github.io/Job-Portal-Frontend-UI/>

- Designed and built a fully responsive job portal from scratch — zero frameworks, pure HTML/CSS/JS.
- Engineered dynamic job listings, smart filter options, and a clean application form with real UX flow.
- Mobile-first architecture: pixel-perfect across every screen size and device.

Personal Developer Portfolio

Feb 2026

Live Demo: <https://elaiyarasanofficial1992.github.io/portfolio/>

- Built and deployed a personal portfolio site that tells my story as a developer.
- Crafted with HTML, CSS, and JavaScript — smooth navigation, clean layout, zero bloat.
- Optimised for performance and accessibility across all major browsers and screen sizes.
